

# Grays Harbor Community Hospital Laboratory Features NEW IN-HOUSE TESTS

Exceptional patient care means listening to the needs of our patients and the medical community. Grays Harbor Community Hospital's Laboratory now features **Same Day Results** for select blood and swab tests. Deliver timely and accurate results without the wait.

**Just one more way we ensure quality care, close to home.**

## Great New Tests Include:

### Blood tests

- Vitamin B12
- Ferritin
- Folate
- Prealbumin

### Swab tests

- Influenza A&B antibody molecular test
- Bordetella pertussis molecular test (Whooping cough)
