Title: Property Tax Credit
Number: PA612
Effective Date: 09-14-18
Revised Date:
Review Date (no revisions):

PURPOSE

The purpose of this policy is to outline the circumstances under which a district resident may qualify for a credit against their balance for services provided by Grays Harbor Community Hospital, and the procedural and documentation requirements for any such credit.

POLICY

Patients living within the district may receive a credit in the amount of the public hospital district portion of their property taxes paid over the previous 12 months from their related date of service, up to a maximum annual credit of \$600.00. Maximum of one credit per household.

To apply the credit to a family member's account, the family member must live in the house and be a dependent of the tax payer.

PROCEDURE

Patients are required to complete the Property Tax Application, and supply their property tax statement, as well as a copy of the related billing statement that they are requesting to have the property tax credit applied to.
